CRESCENT POINT ENERGY ANNOUNCES NEW INVESTOR PRESENTATION FOR iBOOKS

NOT FOR DISTRIBUTION TO THE U.S. NEWSWIRE OR FOR DISSEMINATION IN THE UNITED STATES

October 25, 2012 CALGARY, ALBERTA. Crescent Point Energy Corp. ("Crescent Point" or the "Company") (TSX: CPG) is pleased to announce the launch of a new investor presentation for iBooks, an interactive presentation accessible on iPads. Crescent Point collaborated with Emerge Learning Corp., a Calgary-based company, to develop and produce this innovative communication tool designed for anyone interested in learning more about the Company. The presentation contains features such as video messages from Company executives, a map charting Crescent Point's growth since inception and expandable graphs documenting historical success.

"We're excited to share our investor presentation for iBooks with the investment community, potential investors, job seekers and the general public," said Scott Saxberg, president and CEO of Crescent Point. "Using iBooks technology to share the Crescent Point story is a creative way to communicate and we hope that people have fun with it, while at the same time learning about us and our business."

To download the investor presentation for iBooks onto an iPad, please visit Crescent Point's newly redesigned website, www.crescentpointenergy.com, for instructions. For those without iPads, a basic PDF version of the presentation is also available for download.

This news release is not for dissemination in the United States or to any United States news services. The shares of Crescent Point have not and will not be registered under the United States Securities Act of 1933, as amended (the "U.S. Securities Act") or any state securities laws and may not be offered or sold in the United States or to any U.S. person except in certain transactions exempt from the registration requirements of the U.S. Securities Act and applicable state securities laws.

Crescent Point is a conventional oil and gas producer with assets strategically focused in properties comprised of high-quality, long-life, operated light and medium oil and natural gas reserves in United States and Canada.
